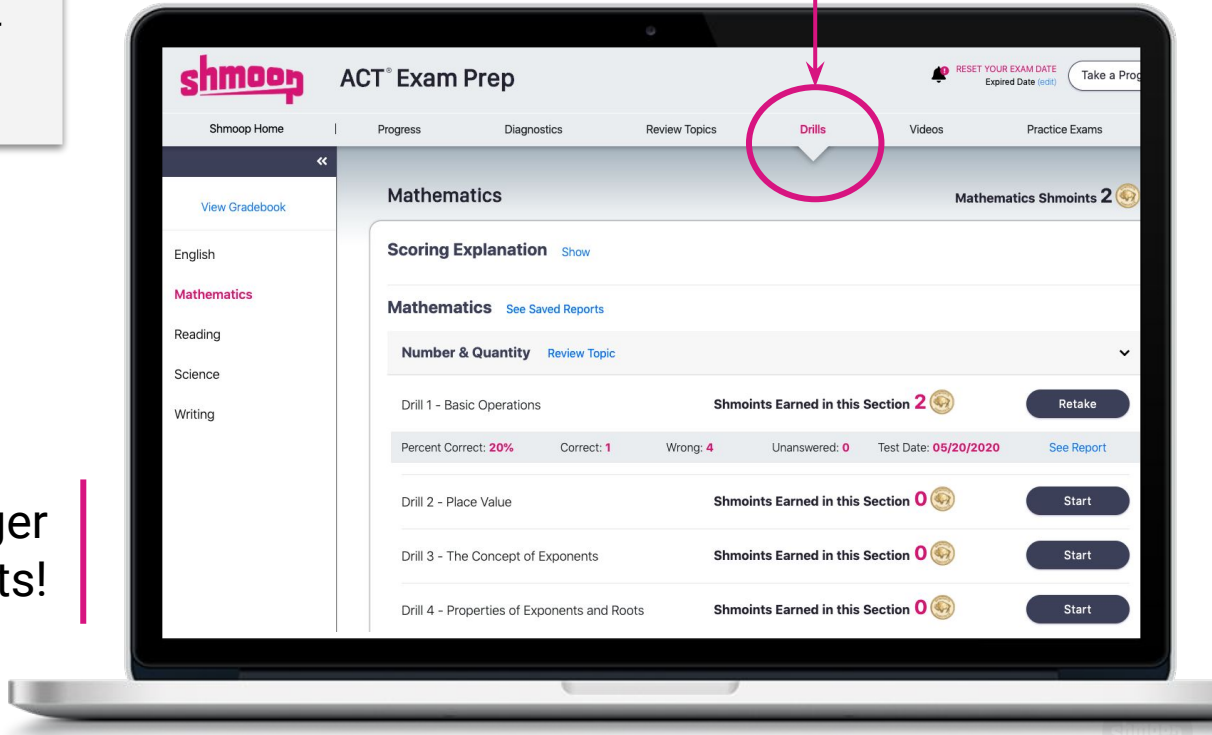
How to plug Shmoop's **ACT® Test Readiness** into your classroom

Tip

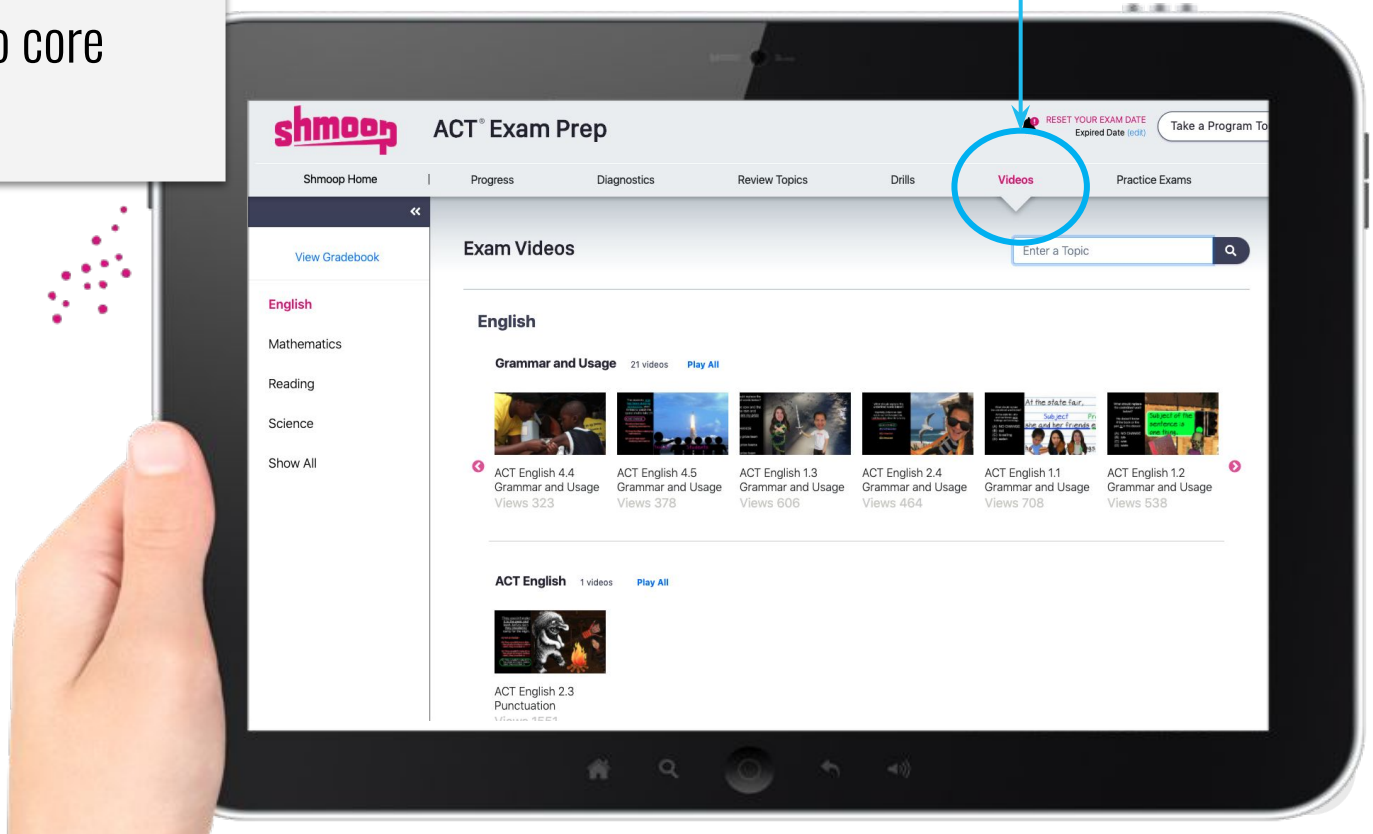
Use drill sets as quick formative assessments to monitor student progress.

Great for bell ringer activities or exit tickets!



Tip 2

Search the video library to find ACT videos that align to core instruction.



Tip 3

Use reports to identify gaps that can be addressed through core instruction and intervention.

> Monitor progress over time and skill level for each student.

ACT Math - Number and Quantity: Absolute Value and Ordering Numbers by Value	Bacon	Kevin	3/3	100%	★

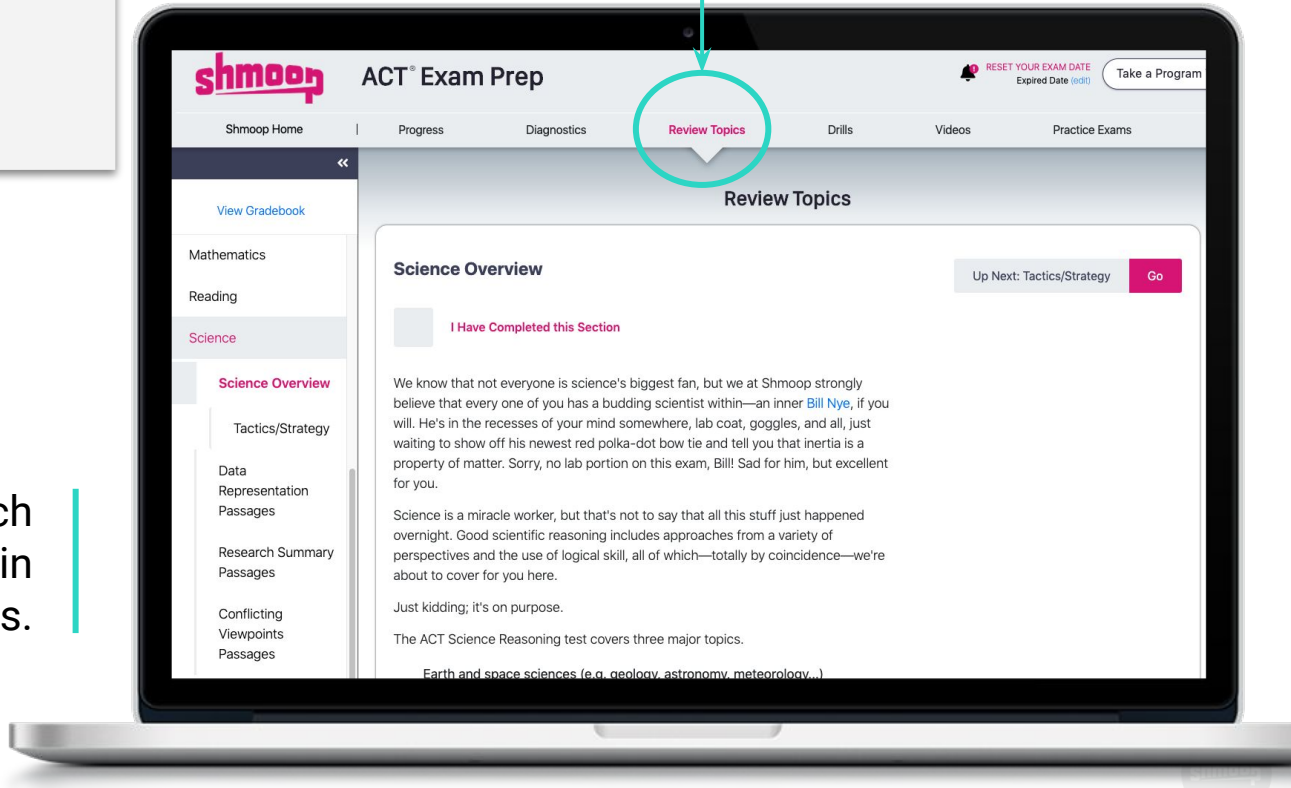
ACT Math - Algebra I: Systems of Equations	Bacon	Kevin	2/3	67%	½

Tip 4

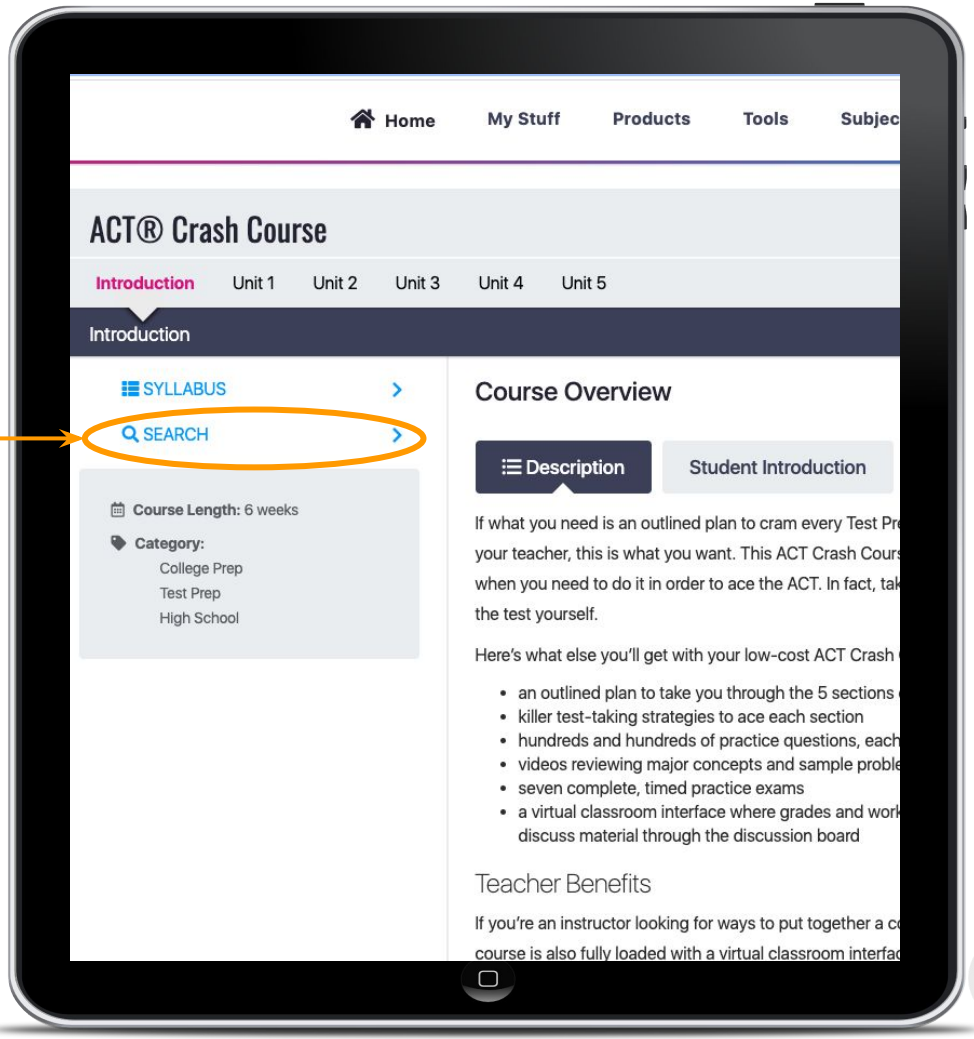
Use review topics as a virtual textbook for the ACT.

Find readings that match what you are teaching in class to reinforce concepts.



Tip 5

Use crash course search to find material that compliments core instruction.



Tip 6

Use Shmoop for
Flipped Classrooms!

AT HOME

Use review topics to prime students at home

IN CLASS

Use videos and review topics as discussion prompts during class.
