Lesson 1: A Little About Shmoop
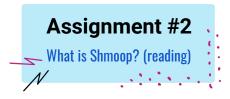

What does "Shmoop" mean?

"Shmoop" is a yiddish term meaning "to move things forward a bit." And that's what we do at Shmoop - we move education forward.

Content overview:

We use humor and storytelling as a catalyst for student engagement.
Shmoop has resources that include:

- Test Readiness

Lesson 2: Navigating your "HOME" page

Assignment #1

Shmoop Home (video)

Assignment #2
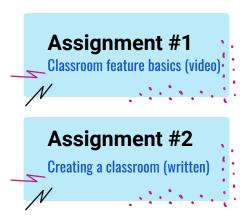

What do I need to know about my "home"? (reading)

Get Familiar with your homepage!
Navigate to your homepage.

- Click on "my stuff" and see what courses, tools, and products you have access to

- Create a classroom to manage student progress, gradebooks, and assignments

- Scroll down to "Schtuff you have access to" to see quick links organized by subject area

- Click on "Tools" in your navigation bar to find Study Tools for students to use throughout the year

Lesson 3: How to Use Virtual Classrooms

Assignment #1

Classroom feature basics (video)

Assignment #2

Creating a classroom (written)

- "Overview": Get quick access to class announcements, resources, course material and more

- "Manage": This is where you add your students and adjust classroom settings

- "Gradebook": Access skill mastery reports, individual scores, and class averages

- "Assignments": Create, send and manage assignments to students in your classroom

Create a Classroom:

- Click create a classroom
- Write down your classroom code
- Explore all tabs of your classroom
